January 2026

Dear Clients:

Happy New Year! We hope this letter finds you well and that you enjoyed a wonderful holiday season. This letter serves to orient new clients to our tax season process and to provide updates for our returning clients. Please keep a copy of this letter to reference as you gather your documents for tax filing. It will help make sure this year's tax season progresses smoothly for everyone.

Contacting Us & Meeting Availability

Our central point of contact for tax season will be the Foothills Admin address (admin@foothillscpas.com). All questions regarding meetings, tax document submission, fees, return status, and invoice payment should be sent to this address. Even if you typically contact Rajani or other team members directly outside of tax season, please use the admin e-mail address during tax season as it will help us ensure timely communication with you.

All meetings will continue to be held virtually. You can view meeting availability and schedule a meeting online at <https://calendly.com/foothillscpas>. We have found that the most productive tax season meetings are those where we've substantially completed your return prior to the meeting and are able to review the return with you through a web conference. These meetings help to make sure we've prepared the return correctly and are not missing any opportunities for deductions as well as provide you with a better understanding of the return and any tax planning steps that can be implemented for the current or subsequent year. Accordingly, we encourage clients who would like to schedule review meetings to schedule at minimum two weeks out from when you anticipate providing your documents to us.

able to guarantee that your returns will be submitted by the tax filing deadline. Our document submission deadlines help to ensure adequate processing time to complete, review, and submit returns in time to meet the tax filing deadlines.

You can begin uploading documents to your portal as soon as you're ready; however, we ask that you hold off on notifying us that you have submitted documents until you have uploaded all documents including **a completed tax organizer**. This will help us work more efficiently on your return.

We strongly encourage usage of your electronic portal over email or traditional mail for questions, document submission, return delivery, and communication about your return. The portal helps us keep your information secure and organized by maintaining one central place for communication. Box has message technology that allows you to communicate directly with Admin, your client steward, or any other team members. The comment features work by typing '@' and then the name of the person you want to contact within any file included in your Box portal.

We offer several helpful worksheets related to various income, expenditures, and deductions. These worksheets can be found our website within the Business Resources and Individual and Family Resources sections of our Forms page.

Fees, Services & Payments

We will be increasing our standard fee structure by approximately 5% of this year. For new clients or those that have already completed proposal and engagement letters specifically for the 2025 tax year, you will not see any change to your agreed upon fee. All other clients can expect a 5% increase in their engagement fee from last year.

We will be collecting tax preparation fees up-front at the time of document submission. Upon receipt of your documents, we will follow-up with an invoice of your estimated fee (based on the prior year's return). As we complete your return, we will submit a final invoice, if necessary, based on your 2025 return. Payments can be remitted electronically through links included with each invoice. Please [contact us](#) with any fee related concerns.

Your fee includes return preparation, meeting time (if necessary) and a limited amount of email and phone correspondence throughout the year regarding this particular tax year. If there are significant changes, or other tax or financial issues you would like to review with us either by email, phone, or in a separate meeting, we offer those services at an hourly rate or as a separate agreed upon engagement. We understand that tax and personal situations change throughout the year and we remain available to provide relevant and timely information for you.

In addition to tax planning and return preparation, we offer accounting services: bookkeeping, accounting system consultation and training, and budgeting. We also offer new business consultations, outsourced CFO services and other advice to small and medium-sized businesses. We encourage anyone interested in these services to contact us for further information.

In closing, we look forward to working with you this tax season and appreciate your choosing our firm for your tax preparation needs! As always, please do not hesitate to let us know should you have any questions or concerns along the way.
